

15TH ANNUAL TAILGATING AGAINST CANCER

GOLF TOURNAMENT

MAY 15, 2026

EGWANI FARMS GOLF COURSE

We are incredibly grateful for the continued love and support from our family, friends, sponsors, and donors. Your generosity means more than words can express.

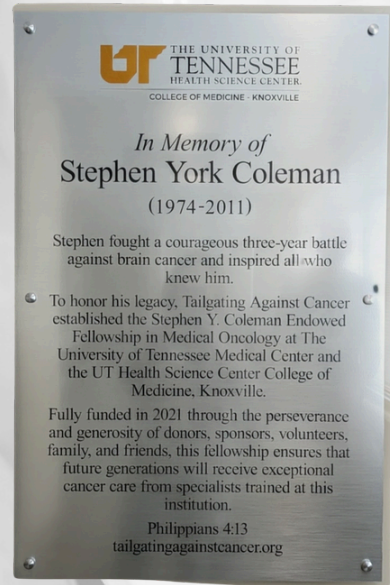

Because of you, the 2025 contribution to the Stephen Y. Coleman Fellowship in Medical Oncology at the University of Tennessee reached an extraordinary \$70,000.

The year, Dr. Evan Davidson completed his fellowship and has chosen to continue his career at the University of Tennessee Cancer Center - a testament to his dedication and the strength of this program. Dr. Lindsay Rumberger Rivera and Dr. Omar Alsharif are now in their third year, while Dr. Warner Thomas and Dr. Jared Reed continue their second year of training. We are also proud to welcome our newest fellows, Dr. Meaghan Standridge and Dr. Tosha Hedin.

Each of these exceptional physicians embodies excellence, compassion, and a deep commitment to advancing cancer care. Your faithful support makes their training and their lifesaving work possible.

We are truly humbled by your generosity and profoundly thankful for the lasting impact you continue to make.

God is good - Always

In 2011, Stephen York Coleman, lost his courageous three year battle against brain cancer. He was only 37 years old. Tailgating Against Cancer finds inspiration in supporting other cancer patients, their families and physicians who take on the battle against cancer. We are a nonprofit organization dedicated to raising funds for a fellowship in medical oncology at The University of Tennessee Medical Center and the UT Graduate School of Medicine. Stephen fought his illness with perseverance, courage, determination, and dignity. His legacy will continue as the family raises funds in his memory.
